About Us.

Color designers for metal surfaces

Let each piece of metal showcase its unique personality color

LMC Metal provides decorative metal panels and custom surface solutions for hospitality, retail, public, and residential projects.

Our work focuses on material selection, finish coordination, fabrication planning, and delivery support based on project drawings and site requirements.

We help clients create distinctive spaces with stable quality, clear communication, and flexible customization.

Product Definition

Artistic copper represents a kind of perfect craftsmanship aesthetics and personalized artistic pursuit, which provides an attractive choice for people pursuing unique style and high quality of life through ingenious craftsmanship and customized service. This material not only inherits the calm and vintage temperament of antique copper, but also adds elements of modern design concepts and personalized needs of customers, so that each piece of artwork becomes a bridge between the artwork and the user, conveying a unique aesthetic taste and attitude towards life.

Material Comparison

Stainless Steel

- Resists acids, alkalis, salts, and other chemicals.
- High mechanical strength and hardness.
- Stable at high temperatures; handles large temperature changes.
- Smooth surface; less likely to collect dust or stains. Easy to clean and maintain.
- Clean, modern appearance for architecture, interiors, homes, and decorative projects.
